It is advised that in addition to theatre on ice practice each skater practices choreography on their own on and off ice in between practices.

We apologize for the variability in the team practice schedule. We must share ice with other programs and there are certain times of the year when we are down to only one ice surface.

Skaters are permitted 4 pre-approved absences throughout the season. Please e-mail [magiccitytoi@gmail.com](mailto:magiccitytoi@gmail.com) 7 days prior to absence for approval. Absences for emergencies and sickness are handled on a case by case basis. No absences will be approved for June. If a skater cannot attend mandatory June practices please do not participate on the team. Additional practices may be added in June, but those will be optional.

Additional practices may be added through out the season to work with Michelle and Plercyn Hunt of Harmony Theatre Company. Six weeks notice will be given for these practices.

All off ice and on ice practices at Nationals are mandatory.
